WHERE BLUE MOUNTAIN STANDS TODAY

Region-Wise NPS Score

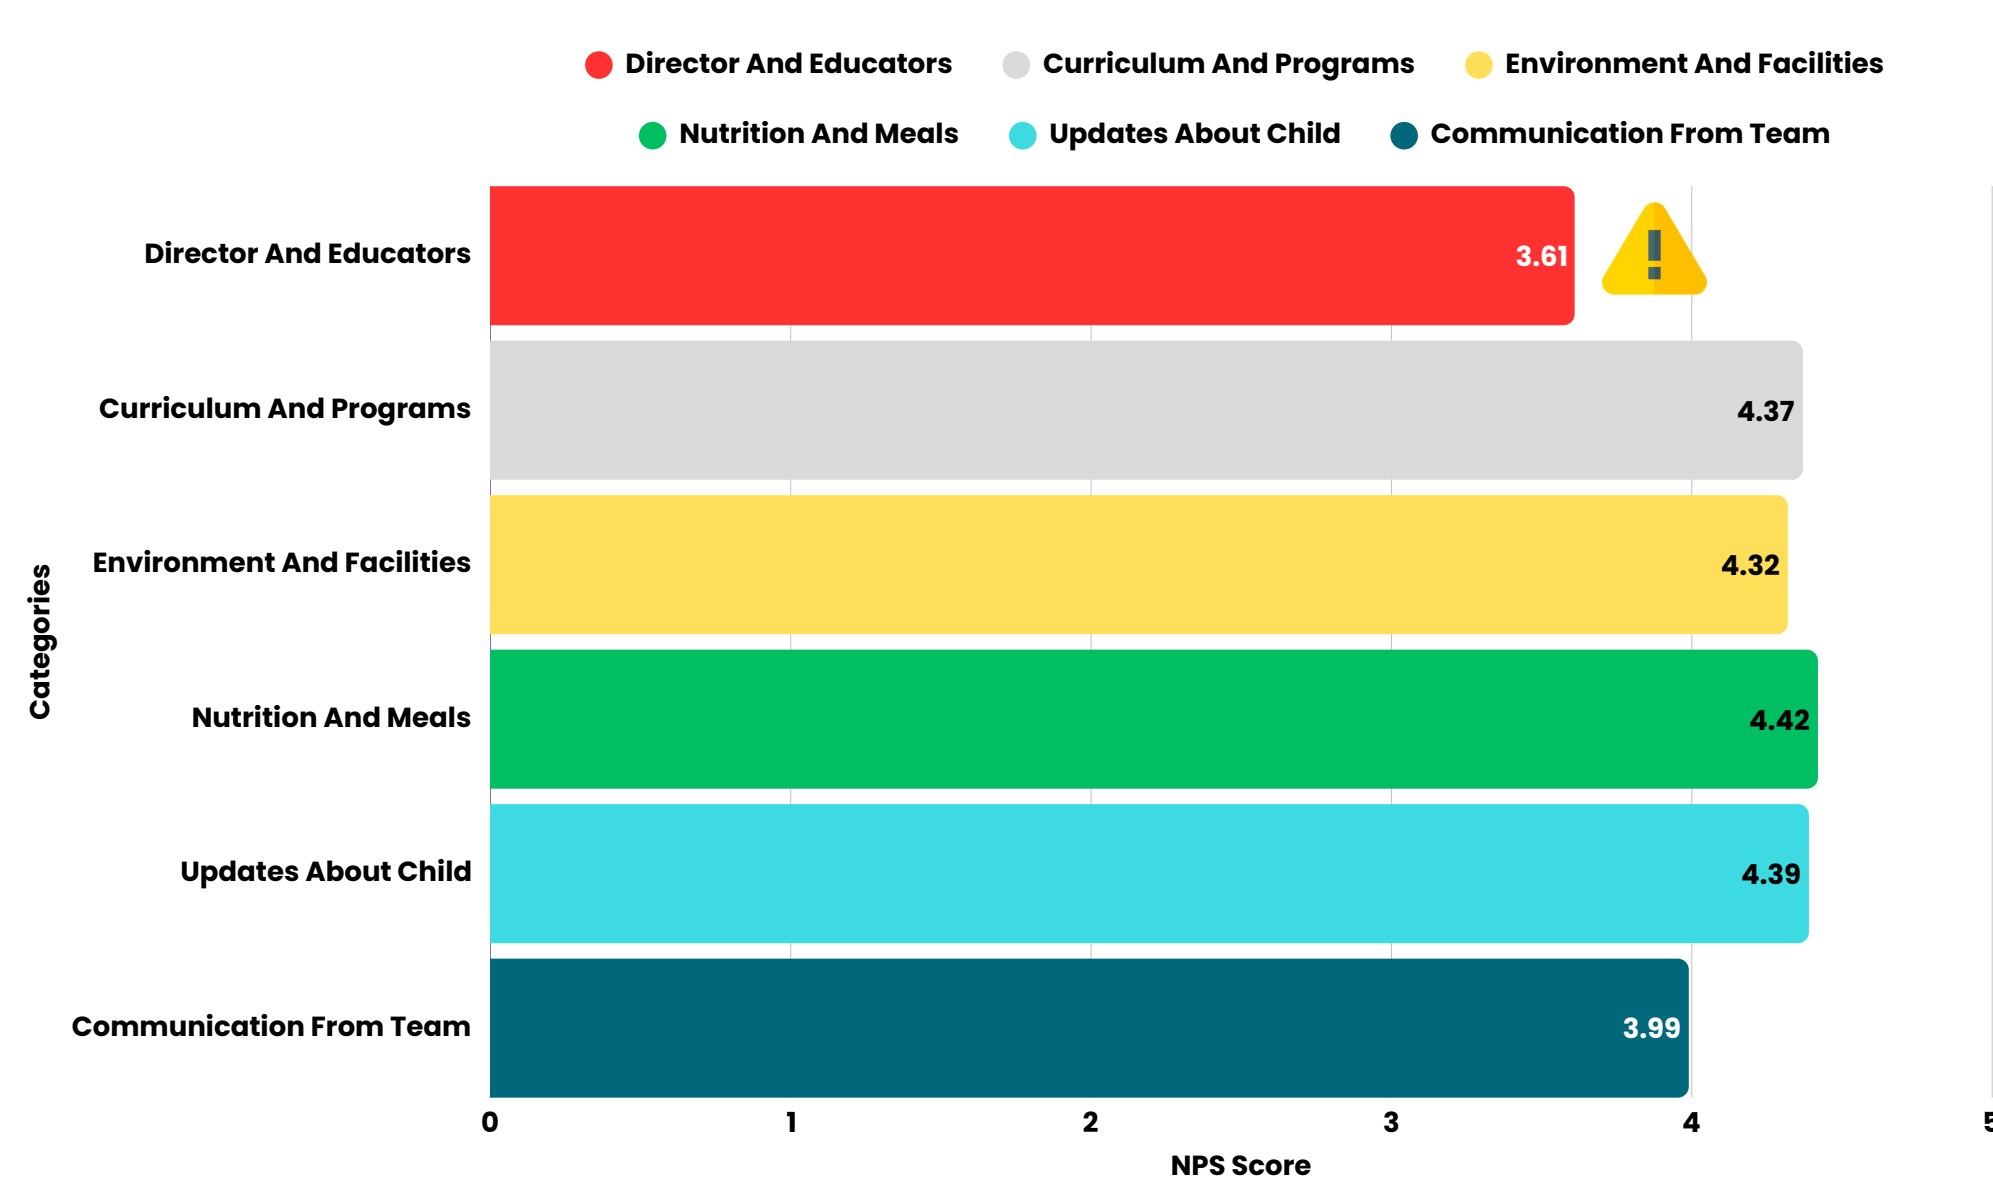

Overall NPS Scorecard

- Overall NPS of **+40.8** is driven by **4 strong regions**
- **SA** is the only region in **negative territory** — **more parents would discourage enrolment than recommend it**
- **35%** of all parents are still **neutral** — the biggest **conversion opportunity sits in SA**, where **61.9%** haven't made their mind

THE EDUCATOR GAP

Educator quality is the single biggest gap between the promoters and the detractors.

Category -wise Satisfaction Score (1-5)

Directors & Educators scored **3.61**, **lowest among all 6 categories**

Invest in **educator training, staff stability & visible qualifications**, to make a direct, measurable impact on NPS

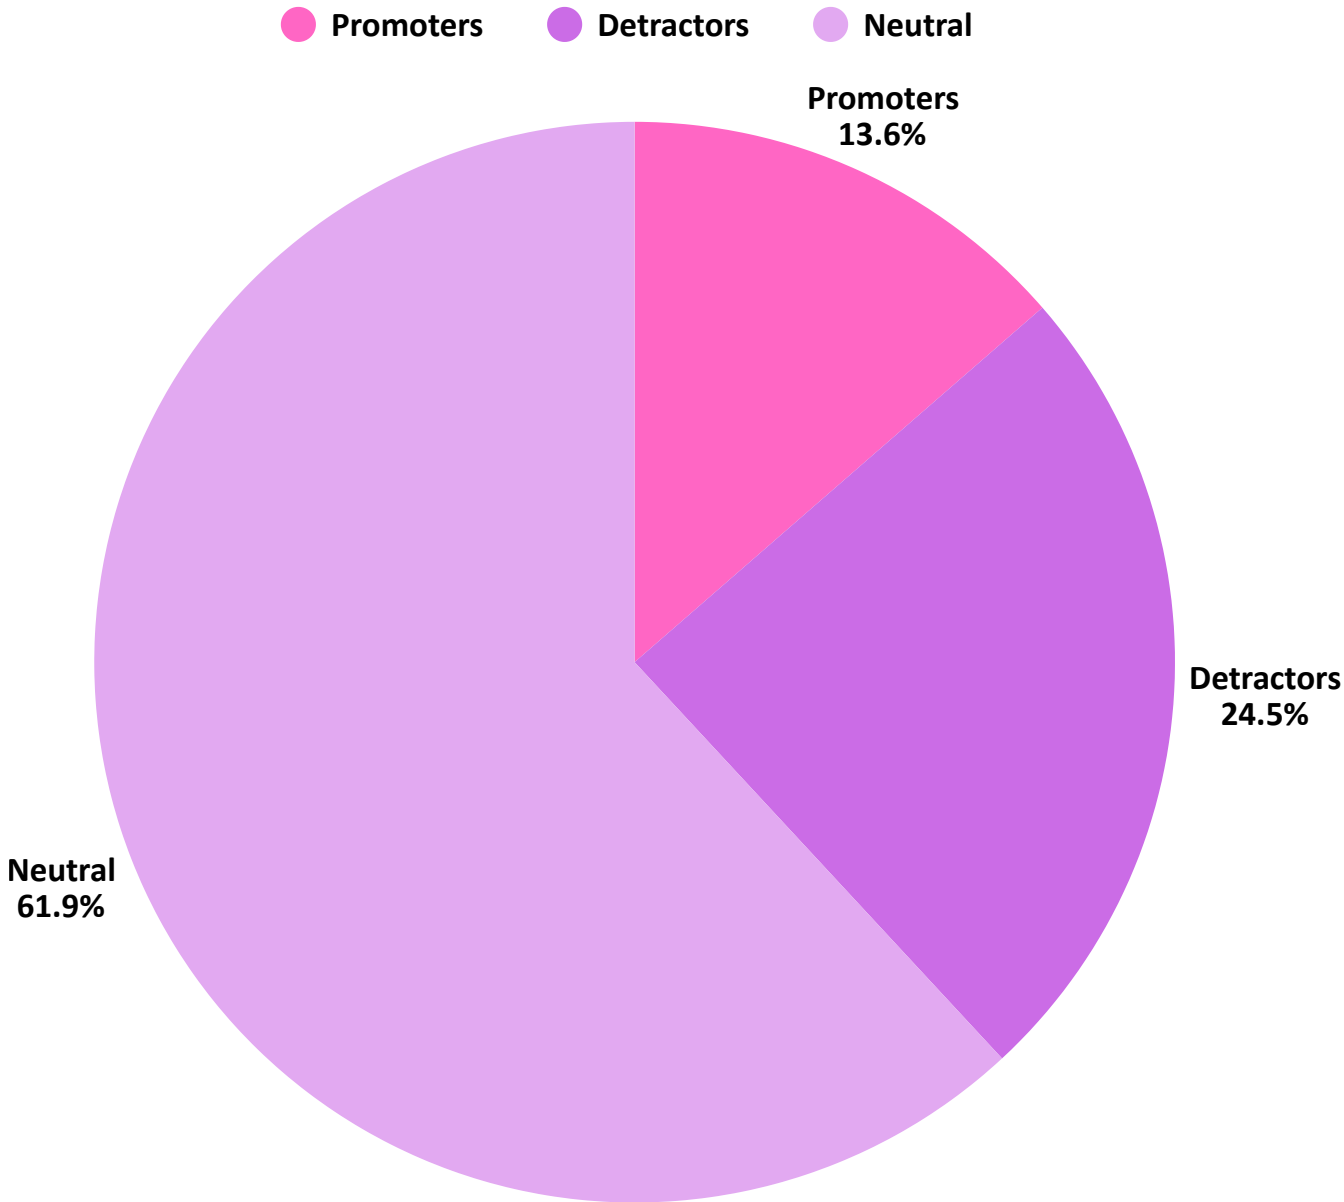

Improving educator quality converts **neutrals** to **promoters** faster than any other investment, making it a **high leverage fix**

SOUTH AUSTRALIA — CRISIS & OPPORTUNITY

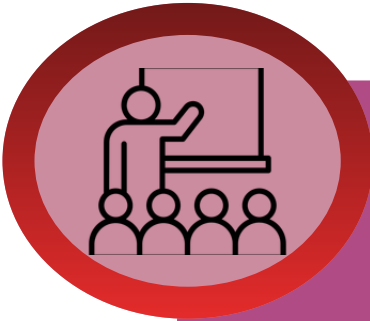

91 SA neutral families are persuadable — converting half to promoters flips SA **NPS to positive**

SA's educator score is **2.77** vs **3.61** overall, which makes it the **direct driver of the negative NPS**

With a negative **NPS score** of **-10.88**, SA makes up **29%** of all responses – fixing it alone would lift overall NPS by **~16** points

SA NPS Score Composition

Room Transition Issue

No.1 complaint theme at SA and overall, appearing in verbatim and improvement comments

Room transition issue is cited across detractor comments as *stressful, poorly communicated*, and *unsupported*

THE FEEDBACK LOOP PROBLEM & 6 MONTH FOCUS

Post Survey Response Status	New South Walse	Queensla nd	South Australia	Victoria	Western Australia	Overall
Closed	2		2	6	1	11
In Progress			1	2		3
None	78	37	95	50	67	327
Pending	39	20	49	20	34	162
Grand Total	119	57	147	78	102	503

Region Wise Post Survey Response Status

Only **1 detractor** complaint resolved **overall out of 61**

SA has the **highest no of** non-responses

- **65%** of 503 responses have **no follow-up recorded**
- **Only 11 responses** were ever closed — nationally, across **10 weeks**
- **Pending is a false comfort** – worse than no acknowledgement for the parents
- The real KPI is **closure rate**, not response rate

What trend to focus for the next 6 Months ? Why?

Response Timing & Urgency Gap

162 responses acknowledged, never resolved — SA worst affected with **49 pending**

Only **11 closures** nationally in **10 weeks**; **the backlog is growing, not shrinking**

Victoria closes feedback, leads NPS at **+64.1** — the link is direct

Ignored after being heard loses more trust than no response at all
